PROFESSIONAL SUMMARY

Full Stack Developer with 1.5 years of experience building responsive, scalable, and SEO-optimized web applications end-to-end. Proficient in React.js, JavaScript, jQuery, PHP, and MySQL, with hands-on expertise in RESTful APIs, Zoho CRM integration, and mobile-first, performance-driven UI design. Actively involved in discovery and feasibility discussions for new product features, collaborating closely with design and backend teams within Agile workflows. Committed to writing clean, maintainable code and delivering seamless, cross-browser user experiences.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), PHP, Java, Python, C++
Frontend: React.js, Redux, Next.js, jQuery, Bootstrap 5, Tailwind CSS, HTML5, CSS3
Backend & APIs: RESTful APIs, AJAX, Node.js (beginner), PHP, SQL Optimization
Databases: MySQL, MongoDB
Tools: Git, GitHub, VS Code, Postman, Chrome DevTools, Figma
Integrations: Zoho CRM, Google Maps API, Custom API Integrations
Optimization: SEO, Responsive Design, Cross-Browser Compatibility, Lazy Loading
Soft Skills: Logical Analysis, Problem-Solving, Cross-Functional Collaboration, Productivity Management

KEY PROJECTS

Car Rental System

- Developed a full-featured vehicle rental platform supporting real-time availability for 200+ vehicles.
- Designed responsive booking modals and vehicle detail pages to enhance the user experience.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap, PHP

Online Food Ordering System

- Constructed a dynamic food ordering platform using PHP, MySQL, and JavaScript, processing 500+ orders per day and boosted engagement 25%.

CERTIFICATIONS & AWARDS

2025 – "Rising Star" Award, ODigMa Consultancy Solutions
2023 – Data Analytics Certification
2021 – 2nd Prize, ECG Game, Emanation Club
2021 – Global Photography Competition Participant
2021 – Gaming Competition Coordinator, Emanation Club

PROFESSIONAL EXPERIENCE

Full Stack Developer *Apr 2024 – Present*

ODigMa Consultancy Solutions Limited

Industry: Digital Marketing and Web Solutions

- Developed and launched a real estate platform end-to-end, integrating property listings, advanced filters, modals, and image sliders using JavaScript, jQuery, and Bootstrap 5.
- Built interactive property discovery interfaces integrated with Google Maps API, optimized for responsiveness across all devices and scalable product architecture.
- Enhanced SEO and reduced bounce rate by 18% through semantic HTML and lazy loading, improving overall platform performance.
- Collaborated with designers and backend teams within Agile workflows to deliver responsive, scalable UI components optimized for performance and maintainability.
- Documented features, enhancements, and bug fixes to maintain clarity and traceability across the team.

Responsive Listing Web Application

- Designed and implemented a real-time browsing and filtering platform using HTML5, CSS3, JavaScript, and jQuery.
- Reduced page load time by 25% and increased user engagement through responsive layouts and optimized component reusability.
- Improved accessibility by 30 Lighthouse points through semantic HTML and ARIA standards compliance.

Responsive Lead Generation Landing Page

- Created a conversion-focused landing page using Bootstrap and jQuery with subtle animation and optimized CTAs.
- Increased lead generation by 20% through performance optimization and improved DOM structure for faster load times.
- Enhanced DOM performance and asset delivery end-to-end to achieve faster load times and smoother user experiences.

EDUCATION

Bengaluru City University, 2021 *CGPA: 7.90*

Bachelor of Computer Applications (BCA)
